City of Lompoc Launches Business Help Desk

Help desk at City Hall will provide resources for existing, new and expanding businesses

LOMPOC, CA, Sept. 8, 2017 – The City of Lompoc Economic Development Division is proud to announce its new “Business Help Desk” program that will provide readily accessible resources for local businesses.

The Business Help Desk, located at Lompoc City Hall, will provide resources and information benefiting new, expanding, or existing businesses.

A designated Business Help Desk will be established at City Hall, offering the city’s new “Open For Business” guide to starting or expanding a business in Lompoc. In addition, the Business Help Desk will feature the option of speaking to a member of the Economic Development Division. The staff member will be equipped to answer questions regarding the business development and permitting process in the City of Lompoc, and will direct the customer to the appropriate city contacts to best meet the customer’s needs.

Economic Development Director Teresa Gallavan said she believes the Business Help Desk will be a valuable resource that streamlines and simplifies the steps a new or expanding business goes through with the city.

“The new Business Help Desk is another way the City of Lompoc is working to become even more business-friendly and better serve our community,” Gallavan added. “Our Economic Development Division strives to help businesses locate to, stay and thrive in Lompoc.”

###

City of Lompoc

The City of Lompoc, known as “The City of Arts and Flowers”, was founded as a town in 1874 and incorporated as a city on Aug. 13, 1888. Prior to the City’s establishment, the building of La Purisima Mission in 1787 marked the earliest European settlement in the Lompoc Valley. Growth in the Lompoc Valley was sparked by the 1901 completion of the coastal railroad between San Francisco and Los Angeles, which included the extension of a spur into Lompoc. The Lompoc Valley is home to Vandenberg Air Force Base, the first missile base of the United States Air Force. Today, the City of Lompoc is a travel destination known for its downtown mural program, local wines and acclaimed cuisine, historic landmarks, parks and nearby beaches.
