Lompoc Library Now Offers NASA Aeronautical Books And Educational Guides

Library announces new partnership with NASA Library Initiative For Teachers and Students (LIFTS)

LOMPOC, CA, September 12, 2017- The Lompoc Public Library is excited to share that it has been selected to participate in a collaboration with the NASA Library Initiative For Teachers and Students (LIFTS) program. This program will enable the library to expand its participation in STEM (science, technology, engineering and math) education, and provides access to unique NASA resources.

The library has been sent NASA aeronautical books, NASA educational guides, and links to download NASA e-books along with other online resources for educators.

These online resources can be found on the library's website at: http://www.cityoflompoc.com/library/nasa_lifts.htm. The library's NASA books and educational guides can be located by searching our online catalog at www.blackgold.org, and typing in "NASA Education Guide Collection". This search will bring up a list of all of the titles available at the library.

This NASA collection is located in the library next to the government documents section. NASA e-books are available for free download at: <https://www.nasa.gov/connect/ebooks/index.html>.

Questions from the public can be directed to the Lompoc Library at: 805-875-8775.

###

The Lompoc Public Library System

The Lompoc Public Library System has been serving the Lompoc Valley for more than 100 years. The Lompoc Public Library System engages, empowers, and enriches our community. The library is committed to bringing quality programming and educational opportunities to people of all ages. All library programs are free and open to the public. For more information about the Lompoc Public Library System locations, hours and programming, visit us online at cityoflompoc.com/library.
