Community Invited To Lompoc District Election Information Sessions

Events scheduled in each of the four city election districts

LOMPOC, CA, June 11, 2018 – In order to help inform the community about the new district election system in Lompoc, The City of Lompoc is holding a free public information session in each of the city's four new election districts.

Starting this November, Lompoc City Council members will be elected by district, instead of the formerly at-large citywide elections in which all voters had the ability to vote for all city council seats.

Two of the four city districts are up for re-election this November, and the other two are up for re-election in November 2020.

More information on the new district election process in Lompoc, including maps of the district boundaries, is available at: cityoflompop.com/Clerk/electionofficial.htm

Lompoc residents are encouraged to attend the district information session for the district they live in. The sessions will be informative and fun, with an opportunity for questions from the public. Spanish interpretation will also be available.

City of Lompoc

The City of Lompoc was founded as a town in 1874 and incorporated as a city on Aug. 13, 1888. Prior to the City's establishment, the building of La Purisima Mission in 1787 marked the earliest European settlement in the Lompoc Valley. Growth in the Lompoc Valley was sparked by the 1901 completion of the coastal railroad between San Francisco and Los Angeles, which included the extension of a spur into Lompoc. The Lompoc Valley is home to Vandenberg Air Force Base, the first missile base of the United States Air Force. Today, the City of Lompoc is a travel destination known for its downtown mural program, local wines and acclaimed cuisine, historic landmarks, parks and nearby beaches. For more information, visit:
