City of Lompoc

The City of Lompoc was founded as a town in 1874 and incorporated as a city on Aug. 13, 1888. Prior to the City's establishment, the building of La Purisima Mission in 1787 marked the earliest European settlement in the Lompoc Valley. Growth in the Lompoc Valley was sparked by the 1901 completion of the coastal railroad between San Francisco and Los Angeles, which included the extension of a spur into Lompoc. The Lompoc Valley is home to Vandenberg Air Force Base, the first missile base of the United States Air Force. Today, the City of Lompoc is a travel destination known for its downtown mural program, local wines and acclaimed cuisine, historic landmarks, parks and nearby beaches. For more information, visit:
