FY 2002-03, the assessments have been levied annually and are providing important revenues needed to fund the community swimming pool, as well as other park and recreation improvements and services.

In order to continue to levy the assessments, the City Council, on February 19, 2019, directed SCI Consulting Group, the assessment engineer, to prepare an Engineer's Report for FY 2019-20. The Engineer's Report, which includes the proposed budget for the assessments for FY 2019-20 and the updated proposed assessments for each parcel in the City, was completed and filed with the City on April 29, 2019. The amount of the annual increase in the CPI-U is 3.15%, and the unused CPI carried forward from the previous year is 0.51% making the total available CPI-U 3.66%. Including the authorized annual adjustment, the levy rate proposed for FY 2019-20 is \$28.44 per Single-Family Equivalent (SFE), and is the maximum levy rate.

**Discussion:**

It is proposed the Assessment be continued and the methodology established in the ballot, which uses the 2009 Census to calculate the population density and SFE be applied in FY 2019-20 and every year thereafter. The total estimated amount of revenues that would be generated by the assessments in FY 2019-20 is approximately \$336,468.

Page 3 of 3

This is the second of three proposed presentations to the City Council on the annual process that will culminate with a Public Hearing on June 4, 2019, regarding the authorization to assess the levy. Staff recommends the City Council adopt Resolution No. 6156(19) to declare the City Council's intent to continue to levy the assessments for FY 2019-20 and to direct additional actions related to the levy of the assessments. Staff will be available at the City Council meeting on June 4, 2019, for the Public Hearing to answer any questions.

**Fiscal Impact:**

The expected costs of preparing the Engineer's Report by SCI Consulting Group is included in the FY 2019-20 budget from the Assessment District fund, a non-General Fund source. Therefore, there is no fiscal impact to the General Fund attributable to the approval of this item. The adoption of Resolution No. 6156(19) is the second step in the process to provide for levying the annual assessments for FY 2019-20.

**Conclusion:**

With the adoption of Resolution No. 6156(19), the proposed assessment budget for FY 2019-20 and the services and improvements made possible by the assessment funds can be accomplished. Receipt of the assessments will continue to provide important revenues needed to fund the community swimming pool, as well as other park and recreation improvements and services.
