From a small business owner,

The events that The Chamber Of Commerce has held have been an important part of my business's success.

When I first moved to Lompoc in 2019, the events helped me get to know the community and see other small businesses that are in town. It allowed them to showcase their offerings and gave me so much joy.

When I opened my business, Awaken Cardio Kickboxing in 2021, the Chamber gave me resources to thrive. I am forever grateful for the community aspect they brought to my experience.

I do believe that without their events, help with small business community and resources, Lompoc will suffer. There is already a shortage of youth activities, events, and community in Lompoc.

Without the Lompoc Valley Chamber Of Commerce, community ties with Small businesses will be lost.

Thank you,
Bridgette Koenig
Owner, Awaken Cardio Kickboxing
