Secured by Check Point

Good morning,

I am writing to urge the City Council to approve the position for the Charlotte's Web Bookmobile. I was able to work for Charlotte Benton, many years ago, and knew her vision was for children to have access to books, especially on the south side of town. What a generous gift she gave to the community she was such a part of. When the vision went from an actual property to the current bookmobile I was skeptical that it would fulfill the original intent, but I have been pleasantly surprised to see that it has been such a success. At this point in time we can see by the actual numbers that it is impacting so many children. At this point it is in need of this additional position. Not only to serve more children, and families, but to give some relief to the current employees who are having to deal with the pressures of keeping it going. They NEED another set of hands. Some worry that the funds will not support this position in the long run. I feel like it is the right thing to do at this point in time. I suspect Charlotte would agree. I encourage you to vote in support of the position.

Sincerely,

Roseanne Rapoza
